

# A NEW AND BETTER TEST FOR WOMEN

Talk to your health worker today – for yourself, your family and your community.

**Lyete test were anteme aneme arelhe mapeke. Itnenhe healthy atnyenetyeke.**

The new and better test replaces the old Pap test, and you only have to do it every 5 years.

If you're aged 25 – 74 you should speak to your health worker about when you need your next test, this is normally two years after your last Pap test. It's a great way to make sure you're strong and healthy for your family, kids and community.

**New Test nhenhele Kwenhe Pap Test angKweye replace-em ileme thenqe unte amarte 5 year's time ware anteme test arrapenkeke alpemele.**

**Unte apeke 25 aw 74 years old health worker nqwinkeke angkaye ilengarra arle next test ngkwinhe anetyenheke.**

**Unte kwenhe make sure ilelhaye unte apease healthy family ngkwinheke ante ampe ngkwenhe ante community -Ke.**

**For more information have a yarn with your health worker, or visit [cancerscreening.gov.au/cervical](https://cancerscreening.gov.au/cervical)**
