

# A NEW AND BETTER TEST FOR WOMEN

Talk to your health worker today – for yourself, your family and your community.

Egard new en better test por ol war-man por keep umpla elthy.

The new and better test replaces the old Pap test, and you only have to do it every 5 years.

If you're aged 25 – 74 you should speak to your health worker about when you need your next test, this is normally two years after your last Pap test. It's a great way to make sure you're strong and healthy for your family, kids and community.

Dis new test ree-plaes dah old Pap test, en u only hab to do em ebery 5 years. Ep u aze e 25 - 74 u can yarn por elth warka, en pind out wat-time e next test blo u. Dis one e good way por look- out elth blor u.

For more information have a yarn with your health worker, or visit [cancerscreening.gov.au/cervical](https://cancerscreening.gov.au/cervical)
